PARTNER

Jeffrey A. Ford is a partner in Peckar & Abramson's Dallas office. Prior to joining Peckar & Abramson, Jeff was a founding shareholder of Ford Nassen & Baldwin, P.C.

Jeff represents contractors, developers, owners, specialty contractors, and sureties in all facets of the construction process, from the preparation of contract documents, to counseling on business and legal issues that arise during projects, and the resolution of disputes. He has extensive experience as a mediator and arbitrator, and is an active member of the American Arbitration Association's Large Complex Construction Case Panel of Construction Arbitrators.

A highly proficient litigator, Jeff has successfully defended numerous contractors in cases involving claims of alleged defective construction. He is well-versed in negotiating complex settlements of claims, both within the United States and abroad, and has prepared and negotiated major design and construction agreements for numerous high-profile projects, including a multi-building headquarters for one of the world's leading technology companies.

When it comes to understanding the landscape of the construction industry, there are few lawyers as experienced as Jeff. He has become one of the most sought after professionals in the field, because of both his legal acumen, as well as his personal commitment to his clients.

Jeff is an elected Fellow of the American College of Construction Lawyers, and serves on the College's Board of Governors. Jeff was recognized by *Best Lawyers* as the 2013 Dallas Construction Law Lawyer of the Year. He was also ranked by *Texas Super Lawyers* in the Top Ten Texas Lawyers in 2016 – the only construction lawyer included – and in the *Super Lawyers* Top 100 Texas Lawyers in 2014, 2015 and 2017.
