

Peckar & Abramson Ranked First Among Construction Executive's "The Top 50 Construction Law Firms™"

New York, NY – June 22, 2020 - National construction law firm Peckar & Abramson, P.C. (P&A) is pleased to announce that it has been ranked first among *Construction Executive (CE)*'s "The Top 50 Construction Law Firms™." P&A was also named in the first position in 2019, the inaugural year of the publication's rankings.

Published in *CE*'s June 2020 issue, the rankings feature breakouts and analysis accompanied by an article in which P&A attorneys discuss the construction industry's resilience in the face of unprecedented challenges and the impact of the COVID-19 pandemic.

According to *CE*, to determine the 2020 ranking, the publication invited hundreds of U.S. law firms with a construction practice to complete its survey. *CE* explains that the data it collected pertained to activity in 2019 and focused on metrics that reflect each firm's construction practice, including number of attorneys, clients, and the year in which the construction practice was established, among others. According to *CE*, the ranking was determined by an algorithm that weighed these and other factors.

P&A was ranked as the largest and most active construction law practice in the nation, based on the methodology as described by *CE*.

CE also noted Peckar & Abramson's wide range of practice areas within construction law, including Dispute Resolution, Construction Defects, Contract Documents, Construction Transactions, Government Contracts, Surety Bonding, Labor & Employment, Public-Private Partnerships (P3s), Power & Industrials, Mergers & Acquisitions, White Collar Criminal Defense, and International Construction.

Firm Chairman, Steven M. Charney, noted, "we are honored that *Construction Executive* has again ranked Peckar & Abramson first among their 'Top 50 Construction Law Firms,' recognizing our dedication to the construction and infrastructure industry."

P&A Vice Chairman, Stephen H. Reisman, added, "This recognition is a reflection of the deep commitment our attorneys and staff bring to our clients and to advancing and supporting the construction and infrastructure industry."

The full rankings and profile are available [HERE](#).

About Construction Executive

According to *CE*, the magazine is now in its 18th year of publication and is the leading trade magazine about the business of construction, providing news, market developments and business issues impacting the construction industry. *CE* report that it reaches more than 55,000 commercial, industrial and institutional contractors and construction-related business owners and has won more than 20 editorial awards.
