

# Peckar & Abramson Ranked First Among Construction Executive's "The Top 50 Construction Law Firms™"

New York, NY – June 7, 2021 - National construction law firm Peckar & Abramson, P.C. (P&A) is pleased to announce that it has been ranked first among *Construction Executive (CE)*'s "The Top 50 Construction Law Firms™." P&A has been named in the first position since 2019, the inaugural year of the publication's rankings.

According to *CE*, to determine the 2021 ranking, the publication invited hundreds of U.S. law firms with a construction practice to complete its survey. *CE* explains that the data it collected pertained to activity in 2020 and focused on metrics that reflect each firm's construction practice, including revenue, number of attorneys, clients, and the year in which the construction practice was established, among others. According to *CE*, the ranking was determined by an algorithm that weighed these and other factors.

P&A was ranked as the largest and most active construction law practice in the nation, based on the methodology as described.

Published in *CE*'s June 2021 issue, the rankings feature legal breakouts and analysis. Among these highlights, a feature article by P&A explores how the construction industry is rebalancing efficiencies, risk management and dispute resolution in response to the pandemic.

*CE* also noted Peckar & Abramson's wide range of practice areas within construction law, including Dispute Resolution, Construction Defects, Contract Documents, Construction Transactions, Government Contracts, Surety Bonding, Labor & Employment, Public-Private Partnerships (P3s), Power & Industrials, Mergers & Acquisitions, White Collar Criminal Defense, and International Construction.

Firm Chair, [Steven M. Charney](#), commented, "We are honored that Peckar & Abramson has once again ranked first among *Construction Executive*'s 'The Top 50 Construction Law Firms.'" He continued, "This recognition is a direct reflection of the firm's unwavering commitment to our clients and the construction and infrastructure industry throughout the United States and abroad."

The full rankings and profile are available [HERE](#).

### About Construction Executive

According to *CE*, the magazine is now in its 19th year of publication and provides and discusses news, market developments and business issues impacting the construction industry. *CE* reports that it reaches more than 55,000 commercial, industrial and institutional contractors and construction-related business owners and has won more than 20 editorial awards. *CE*'s website can be viewed [HERE](#).

# PRESS RELEASE
