

Chambers USA 2026 Selects Peckar & Abramson as “Construction Law Firm of the Year”

Peckar & Abramson, P.C. (P&A) is pleased to announce that the firm was selected as “Construction Law Firm of the Year” by Chambers USA. The award was presented at the 2026 Chambers USA Awards at The Plaza Hotel on Thursday, June 11.

P&A previously received the Chambers USA Construction Law Firm of the Year award in 2024, the last year the award was presented, making this year’s win a meaningful continuation of that recognition. Since Chambers USA established the award in 2006, P&A has received this honor more times than any other firm.

According to Chambers, the awards “recognize a law firm’s pre-eminence in key jurisdictions in the country” and “reflect achievements over the past 12 months, including outstanding work, impressive strategic growth, and excellence in client service.” The awards “honor the work of national and international law firms across the USA and are based on the research for the recent edition of Chambers USA.”

“It is an incredible honor to once again receive Chambers USA’s prestigious ‘Construction Law Firm of the Year’ award,” said Firm Chair [Steven M. Charney](#). “This recognition reflects the exceptional skill of our attorneys and staff, as well as the deep trust our clients place in us. It reaffirms P&A’s leadership in the construction industry and our commitment to delivering the highest caliber of legal service.”

Earlier this month, P&A [announced](#) that Chambers USA had once again recognized the firm at the Band 1 level nationwide in Construction Law, a distinction P&A has held every year since the awards’ inception and one that no other firm shares. The firm also had 32 lawyers, seven regions, and the government contracts practice recognized.
